

**Project:**

Huge Thing

Country:

Poland

When:

Annual meetings

Description:

HugeThing is a 3-weeks long, intensive pre-acceleration programme, based in Poland. The programme is dedicated to startups working on a scalable, innovative idea.

Week 01 - Introduction to Thug Life of Startups, Accelerators and VCs

Week 02 - Product & Business Design

Week 03 - Sales & Startup Pitching

They've designed an unique content which is to be delivered by local, regional and international experts. Also many successful entrepreneurs are going to share their unique knowledge and experience on our stage. They will support the teams by delivering them valuable advice, strategic insights, some tips on technology, customer aquisition, recruitment and investor presentation.

During this period, the aim is to provide a series of methods and resources for their development and growth.

HugeThing is powered by SpeedUp Venture Capital Group featuring 500 startups and other international accelerators.

The programme is implemented under the patronage of the Polish Agency for Enterprise Development.
