

You are in the  
**Exclamations**  
networking group

My name is: \_\_\_\_\_

You are taking part in the „Shake up Start ups” networking game.  
We wish you a lot of fun, while getting to know the other players.

Your goal is to network with the other players and the stake of the game are fun prizes, not to mention the great contacts that you will gain.

For each assignment that you will carry out, you will receive a stamp.

This is how you can play:

- 1 Put your name on top of the card.
- 2 Carry out assignments, which are listed on the back of this card. But to carry out an assignment you need to contact - talk to the members of other "networking groups".
- 3 After the task is completed remember to get a stamp on your "Player's card" from the member of other "networking group".
- 4 Each time you succeeded in placing three stamps in a horizontal, vertical, or diagonal row, you win a prize.
- 5 Show your "Player's card" to our staff each time you succeeded to claim the prize. Try to carry out all assignments.
- 6 Have a lot of fun while networking!
